Vol. 1, No. 20

April 5, 1976

## AC Highlights

Highlights of the Activities Commission meeting last Monday night were as follows:

### Rathskellar

The Rathskellar as of last weekend was moved up to the second floor of the student union for Friday and Saturday night. A band was provided. This move was unpublished and drew in a crowd of between 400 and 500 people. A motion was brought up to have a coffee house type atmosphere in the Rathskellar Friday and Saturday nights at no charge in addition to the Rathskellar operating on the second floor with a rock band. \$200 was allocated for the next four weekends for light entertainment in the Rathskellar for Friday and Saturday nights. Funds for security for the first and second floors of the student union when the Rathskellar is operating on weekends was allocated. Part of the cost of the security will be paid for by the Rathskellar Corporation.

### Gameroom

A motion was passed that allows the A.C. to turn over all rights of operation of the gameroom to Fox Hall Dormitory Council under the agreement of the Building Authority, as long as the gameroom will be open to all University Students.

### Spring Carnival

University Ave. can be opened for Spring Carnival but the street will have to be reopened for rush hour traffic. A night time outdoor concert will be held. There will be no charge for booths for Spring Carnival. A force of marshalls will be obtained for security purposes. \$750 was allocated for Steve Darby for MC for the carnival. Steve Darby is a magician who will perform acts during changes of the band and will MC the games. \$600 was also allocated for fireworks for the carnival.

## C. David Thomas Lecture on Aluminum Plate Lithography

moonrise, 1975, 14x22, edition 12, lithograph

Last week, Tuesday, March 30, the Art Co-Op had been very fortunate in having such a prominent innovator of Aluminum Plate Lithography, C. David Thomas. David Thomas commenced his lecture with a very informative film which described the techniques within the media. After the introductory film David Thomas responded openly to a question and answer period. Many of these questions were concerned with types of materials used, manual and/or mechanical, variations of paper and techniques used, expense of these such materials and so forth. Delightfully, David Thomas concluded the lecture by presenting an exhibit of his most recent works.

## Talty will not seek reelection as trustee

At last Wednesday's Trustees meeting, Frank Talty, the student trustee, announced that he would not run for reelection when the student elections are held later this month. Frank is planning to graduate in December and he decided to leave the field open for underclasspersons to run.

## Pres. Duff to appear on WLTJ 91.5 fm

President Duff will be quizzed by a special panel of University students and faculty, and telephone calls will be accepted at 459-0579.

Dr. John B. Duff, new U-Lowell president, will be the guest on this week's WLTJ "Friends" interview and telephone-talk show, Tuesday April 6 at 7:00.

## Trustees vote room rent \$720

In their meeting last Wednesday the U-Lowell Board of Trustees voted to set the room rent for all dormitory students at \$720 per year. The blame for this \$70 increase over last year's rate was placed on the state's utility assessment for the Building Authority. The Building Authority was forced to pay \$172,000 more to heat and light its buildings this year than last year.

The room rent at Concordia Hall, which is not owned by the Building Authority, was raised from \$480 to \$720 per year over the strong objection of the student trustee, Frank Talty. He argued that since the Concordia rent went to the state and not to the Building Authority it would not help the school to raise this rent.

In another action the trustees tabled a motion by Dr. Ming M. Chen to replace the previously-accepted school seal with one proposed by some faculty members and administrators.

The trustees last November accepted a seal which had been designed by a student committee. The faculty members and administrators argued that their seal was more in keeping with the school's history. Students attempting to head off the change were able to win a postponement.

## Faculty meeting: Commencement, governance

The monthly faculty meeting was held in BL214 on Tuesday, March 30. Dr. Ruth Tanner officiated. U-Lowell President John Duff was present. A crowd of approximately 125 faculty members and administrators from both campuses listened, questioned, and commented on various issues.

A motion made to approve the minutes was accepted. Among academic affairs discussed was a proposal that the minimum SAT scores accepted by the University as an entrance guideline be 400 on the Verbal for those intending a non-scientific major, and 400 on the Math for science and engineering majors. There were mixed reactions to the proposed then-month contract vs. the old nine-month calendar. Previously, a condition of employment at Lowell Tech was a 34-hour work year, paid over 52 weeks. However, a survey conducted by Professor Mandell, taken at several universities indicates the 10-month contract to be the more popular. This matter will be brought before the Labor Relations Committee.

The Commencement Committee reported that Commencement will be on May 22 instead of May 23. The expected turnout is 2000 graduates and 10,000 guests, so a suggestion was made to allow only graduates and faculty in the field. The commencement costume was submitted for approval. It has not been decided whether or not attendance for faculty members is mandatory.

The Honorary Degree Committee has submitted six names to the Board of Trustees for approval.

Much controversy was raised over the question of governance. A proposal was to be made to the Labor Relations Committee to draw a distinct line between faculty status and faculty rank, to distinguish teachers from administrators for purposes of voting and inclusion in the bargaining unit. When the floor was opened for discussion, defenders and opponents gave their opinions. Supporters of the proposal felt that status should be clearly defined for all affairs to avoid confusion. A separation of functions is necessary to keep the system democratic. A motion to table discussion of the proposal, and therefore accept it, however, was overridden, although the vote was close.

On the opposing side, Dean Diamond (N) led the way with a fiery speech, saying he found it "disturbing" that a person engaged in teaching and research should be excluded as a faculty member and classified as an administrator. After making reference to the Teamster's Union, Construction workers Union, and Automobile Workers Union, he expressed his concern that a fixed contract might collapse the idea of a university. A suggestion was made to withdraw the motion until some decision could be made as to who would decide what faculty status really was.

Dr. Duff then spoke about the budget and committee forming, citing the need for volunteers, and suggested the formation of committees to solve problems, handle the budget, appoint administrators, handle scheduling and registration, and other tasks. He sees himself as unbiased, but is nevertheless "strongly committed to faculty governance." He pointed out that both LSC and LTI faculty "have been hurt in the past," but urged them to approach problems with a "fresh start."

Because of the time, the meeting was recessed until a later date.

### Elections

Elections for Student Government positions are just around the corner. This is your chance to run for office while there are still openings available. The Student Government is composed of undergraduate students. Student Government is easy to get into, not too hard to get used to, and perseverance promises a climb to the top. It offers education, socialization, public speaking, power, money. It usually takes only one night out of your week

and there are plenty of opportunities for romance. It's a good item for your resume and can aid in vocational training. It encompasses English, business, accounting, law, math, economics, political science, management, and so on.

From my experience, I can state that participation in extra curricular activities provides an equivalent supplementary education of its own. Don't sleep through your college years.

### Keep off the grass

Ahhh. Spring is come with love to town. Days are turning sunny and warmer, trees and plants are budding. Like all young, growing things, the foliage on the ULowell campus go through those formative years—a crucial time for development. Students trooping

across the campus lawns in mid-March don't realize that they are committing botanicide. Seriously, folks—use a little self-restraint now by staying on the cementways, so you can self-indulge by getting into the grass later on.

### Where it's at

The first ULowell Spring Carnival is approaching, and with it comes a multitude of dilemmas to be solved. The most pressing one to date concerns the location of the carnival. Out of the suggested options, University Ave. seems to be the best, most agreeable site. As the chairman of the AC put it, it's the "sentimental favorite." It offers a good central location, with plenty of viability for construction

department of Lowell will relent and let the students have the street for-a-day.

However, there's no sense in talking about location if we don't have a good number of booths. This is a good opportunity for various clubs and organizations to make a few bucks. Come up to the **Connector** layout this Thursday night after 7:30 and sign up. We want you.

— T.S.

## Election info

Student government elections will be held soon.

Day: April 14 - Wednesday

Time: 9:00 - 3:00

Place: North campus mailroom  
South campus cafeteria

#### Offices open

Student trustee

Student senate president, vice president, secretary, and treasurer

Student senators 7 from each class

Activities director

Activities Commissioner - 3 from each class, 4 at large

Class Officers for 77, 78, 79: President, VP, Sec, Treas.

Anyone who is interested in being involved in student government and therefore involved in having a voice about where their student activity fee goes is encouraged to run for office.

#### PROCEDURE FOR CANDIDATES

Nomination papers

Obtainable from Dean King's office

Must be returned to Dean King's office by Friday, April 9, at 12:00 noon.

Candidates for class rep's and class officers must obtain 50 signatures from their class.

Candidates for at-large positions need 50 signatures from the general student body.

#### Campaigning

ON the day of the election the following rules will be in effect.

No campaigning within 50 feet of the voting area.

No posters within 50 feet of the voting area.

FAILURE TO ABIDE BY ALL OF THE RULES STATED ABOVE COULD RESULT IN FORFEITURE OF OFFICE AND RESTRICTIONS ON FURTHER ATTEMPTS AT ELECTIVE OFFICE.

#### VOTERS

You must show your ID to vote. No ID, NO BALLOT.

You must vote at the campus at which your camp Department is located.

### Editorial:

## ACADEMIC CALENDAR STALLED

Considerable confusion has arisen over the academic calendar for the '76-'77 school year. This calendar has, in past years, been composed and completed prior to the start of the second semester of the previous year. To date, the calendar remains unresolved and is still in committee.

A calendar committee had been assembled earlier, convened by Dr. Stuart C. Mandell, with student participation. Working with the restrictions placed upon a calendar: a specified number of class days, final exam days and holidays, this committee presented their calendar at the Faculty Meeting of February 24th. This schedule involves the starting of classes on Monday, August 30th. Although this date is far from optimum, it was felt that this was the most desirable solution, considering the alternatives.

When this calendar was presented to the faculty, a second calendar was proposed and accepted. This second calendar, composed without student input, is now the only calendar under consideration. It ignores the restrictions of class and final exam days. The only advantage of this calendar is the starting date of classes, Tuesday, Sept. 7. However, the first semester has been reduced to 69 days; accreditation standards stipulate a minimum of 70 days. Also, final exams have now been reduced from eight days to only six days, ending December 23rd.

As of last week, this calendar was being studied by the Labor Relations Board. A question of legality was raised by Dr. O'Leary as to a possible "double payment" to faculty members who also teach summer school. The faculty payroll is spread throughout a ten-month period ending in June. Professors who taught summer school, which begins in June, would actually be receiving two paychecks. This has always been the procedure in the past since the faculty is, in effect, performing two jobs. This has never been questioned by the state in the past and has always been considered kosher. There is no apparent reason for Dr. O'Leary's stalling action.

I realize that most students would be perfectly happy not to return to classes until after Labor Day; this was a major factor in the rejection of the original calendar. The faculty felt that students would have made commitments to work through Labor Day and so they might be prone to ignore the first week of classes. For this reason, the scheduling of classes before Labor Day might prove to be a futile move.

This may or may not be a concern to students but a definite problem arises when considering the dates of final examinations. Exams are proposed to begin December 17th and will run to the 23rd. Squeezing final exams into only six days will insure some back-to-back finals. There is never enough time between finals; cramming them into six days could make the load unbearable. Another fault of the finals' schedule is that there is no allowance for snow days. If snow forced the closing of school on any day during examinations, the end of the semester would be pushed up to Dec. 24th, Christmas Eve. Out-of-state students will already be hard pressed to be home for Christmas and delaying their departure by an additional day might prohibit them from spending Christmas at home.

If the school were closed for two days, the semester would not end until the resumption of school in January. One only has to remember the snowstorm of last December 21st ('75) to realize the real possibility of these occurrences.

Since Dr. O'Leary succeeded in tabling the proposed calendar, it will not be presented to the Board of Trustees until the April meeting. It is unfortunate that this situation cannot be resolved sooner, but it does leave time for reconsideration. If the schedule of final examinations cannot be improved, the possibility of choosing an alternate calendar should be investigated.

— M.M.

## Harken all MDT students

The Massachusetts Association for Medical Technology and its student constituent the Massachusetts Student Association for Medical Technology will hold their Annual Meeting from April 19 to April 23 at the Springfield Civic Center. The student program for

this meeting will include workshops in clinical spectroscopy, amylase-lipase-analyzer and urinalysis. There will also be lectures on hematology parasitology basic health legislation and certification and the Registry Exam, as well as panel discussions on career aware-

ness and college-hospital affiliations. All interested students are urged to attend. For further information, consult the bulletin which has been posted in Weed Hall, 3rd floor Medical Technology Board.

The **Connector** is published every Monday during the college year by the students of the University of Lowell, and opinions expressed in this paper are those of its authors or the Editorial Board, and are not necessarily the opinion of the University or its student body. The editors of **The Connector** realize their responsibility to the college community to present opposing views from responsible spokesmen.

The offices of **The Connector** are located on the fourth floor of the North Campus Student Union Building, 100 Pawtucket St., Lowell, and on the third floor of the South Campus Student Union Building, Wilder St. Lowell. Phone number: 453-1872.

To: South Campus Faculty and Students  
Subject: Verification of Students Studies

Dear Editor,

I have forwarded to department chairpersons the course verification cards of students who are officially carried by the University in specific academic majors. Course cards of students who are matriculating in the College of Education have been forwarded to chairpersons of their academic majors. The verification cards of undeclared students have been forwarded to Dean Goler.

Please advise students to secure their verification cards from appropriate chairpersons at their earliest opportunity. Students who are listed in courses which they are not attending are advised that until such time as they officially drop such courses through the Office of the Registrar they are officially enrolled in these courses and will receive final course grades unless they withdraw by the established deadline of Monday, April 5, 1976.

#### College of Liberal Arts

Undeclared Students — Dean Patricia Goler, Coburn Hall

American Studies — Dr. C. Lewis, O'Leary Library

Art Majors — Mr. Leo Panas, Dugan Hall

English Majors — Dr. Stein, O'Leary Library

History & Political Science Majors — Mr. Derry, Coburn Hall

Language Majors — Dr. Aste, 68 Wilder Street

Philosophy Majors — Dr. Smith, Allen House

Psychology Majors — Dr. Burke, O'Leary Library

Sociology Majors — Dr. Mosco, 90 Wilder Street

#### College of Health Professions

Health Majors — Dr. Barker, Weed Hall

Medical Technology Majors — Dr. Farina, Weed Hall

Nursing Majors — Mrs. Shalhoup, Weed Hall

#### College of Music

Music Majors — Dr. Gilday, Allen House

#### College of Pure and Applied Sciences

Biology Majors — Dr. Kamien, Weed Hall

Environmental Science Majors — Dr. O'Brien, Mahoney Hall

Mathematics Majors — Mr. Gravina, 94 Wilder Street

## Senior year

Due to the recent merger of our campuses the responsibilities of the senior class president have increased. These responsibilities are placement office, yearbook, senior week and graduation.

By working with the placement office and professional student societies he should be able to get more interviews and job prospects on campus.

The yearbook should reflect the life of the entire student body. It should be seen that the yearbook office is staffed so that the yearbook is finished before graduation.

Senior week should be open to all seniors for minimum cost.

Graduation should be handled so that appropriate speakers can be chosen in advance.

These responsibilities make this office very important and that person should be chosen with these ideas in mind.

— A. Veronika Demers

## Introducing: The Broad Squad

The Broad Squad is a newly formed organization consisting of a number of young ladies with a common interest: violence for the purpose of justice and/or revenge. We feel that it is about time there was a division of Mini-Mafia Industries at the University of Lowell, and we have decided to take matters into our own hands. Literally. We also feel that it is unfair that men have always had the privilege of being considered the violent "fighters" around here. In reality, some of the most successful and deadly "hit-men" were (are) women.

For a brief history of our organization, it was founded by three ladies who had a "problem" who needed to be "taken care of". Up until now, if someone were to cause trouble for any of us, we would go running to our big, strong male friend and ask for help in straightening out certain people on campus. On this occasion, however, he suggested that for these particular circumstances it might be appropriate for us to handle the problem ourselves. We agreed, and immediately saw his point that it would be much more of a blow to a "man's" ego to be demolished by three young ladies, rather than to be torn apart by a male marvel who could obviously destroy ANYONE.

Therefore, since our methods seem to be so successful, we have decided to make our services available to the student public. We are presently in operation and are open for outside business. All affairs will be handled with extreme care and accuracy — we never make a mistake. Each and every operation will be kept in strict confidence, so you needn't worry about being found out. Applicants will be accepted on a "first come—first served" basis, except for possible emergency calls. If we are too busy and cannot accept your business, we can refer you to some excellent males on campus (North or South) who can easily rid you of your problems.

Each and every job will be tailored to your own personal desires. For example, if

you would merely like to put sugar in someone's gas tank, we will handle it for you in case you don't want to be seen. If you would like to pick a fight with someone but you are a weakling, hire us. We'll make you proud of us. If you'd just like someone shaken up a bit, let us know. We'd be only happy to oblige. In other words, simply specify the degree of violence you would like, and sit back and relax. (We are also available for playing practical jokes on people.) Our services are provided for a minimal fee, basically depending on the degree of difficulty and the risk involved.

A complete list of prices is available upon request. All applications will be seriously considered, and we will answer your request as soon as possible. To enlist our services, simply write to Box #114 and give us the complete details of your situation, who you would like hit, and a telephone or box # where we can get in touch with you. If you prefer to remain anonymous, that's fine with us, as long as you comply to our other requests for information. Most important, don't forget to include the degree of violence, or exactly what you would like accomplished.

Satisfaction unconditionally guaranteed or your money back with a smile. (We're not always fighting, you know. We smile more than most people!) Please feel free to write and comment on our organization—criticism and comments are most welcome. Just send it to Box #114.

We urge you to take advantage of our services, especially if there is someone you're on bad terms with right now. You had better hurry up and hire us, before the other guy gets to us first. Watch our weekly column in The Connector, and watch for you name on our Blacklist. You never know when someone may be out to get you!!

Sincerely,

— The Broad Squad

This week's "Blacklist":

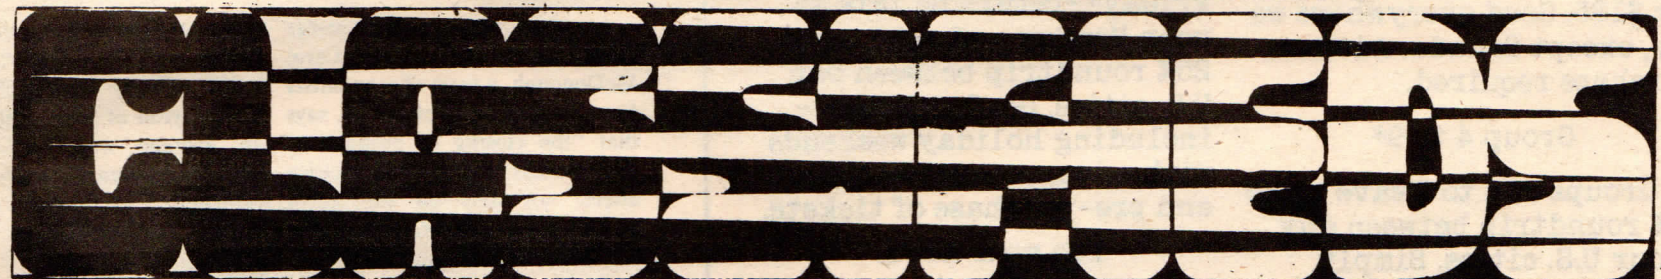

BE VERY CAREFUL, Strawberry Blonde!!!!

### Newspaper elections

The CONNECTOR will hold its annual elections on TUESDAY, APRIL 13, at 7:30 p.m. in the North Campus Connector office. Only staff members will be allowed to vote. There are positions available for next year's staff. Please attend.

### ELECTION ISSUE

All students who are running for student government are invited to the Connector office, next Tuesday, April 6, at 7:30. There will be a photographer there to take election photos. If you cannot make it, try to submit a photo of your own (pref. B W).

#### FOR SALE

For Sale: Cassettes, \$3.00 each, Tom Box 940. Artists include list of fifty tapes: Alice Cooper, America, Beatles, Deep Purple, Emerson, Lake, and Palmer, Jethro Tull, Led Zeppelin, Rolling Stones, Santana, Steppenwolf, Ten Years After, Traffic, T. Rex, Uriah Heep, and the Who.

For Sale Tires: Almost new condition. 2 pair of G 78-15 blk walls quality tires, cost \$45 each tire, but will sell each pair for \$50. Call 459-2065. Ask for Dean.

For Sale: Plymouth '68—Excellent condition. \$275 or BO. Contact Terry. North Campus, Box 836.

For Sale: Four-foot black light in excellent condition. Only 5 months old and used very little. \$23, AND black light posters, also for a low price! Contact Ron, Room 1006 (SUB) or Box 1907.

This free classified ad service is offered to everyone from within the Lowell community. Type your ad on a 3x5 card, and deliver it to the office or the mailroom. To insure placement in a Monday edition, hand it in by the previous Wednesday. This service is available at absolutely no cost. IMPORTANT — all classified ads, including personals, must include the name of the advertiser for our records. No ads will be run without this information.

Girls Three speed Schwinn bicycle, like new. Including speedometer and basket. \$59. Call ext. 507 or 256-9943 between 5:00 and 9:00 p.m.

Need help...that's what we're here for. You don't have to have a problem...maybe you just want to know something but were afraid to ask. Visit us at South Campus SUB 348 or call our hotline 453-3804. (P.S.I.C.S.)

Student apartments available near U of Lowell. Call Arthur - 957-4292 or 452-8351.

Spoon Jewelry - Rings, bracelets, Pendants, 40% off. Spoonman, Towers 1522.

#### SERVICES

Grand Opening of the 3-M Co. Palace of Pleasure. Service Department...terms strictly cash!!! 3-M's...Massage! Munchies!! Meeshkees!!!!...and now for something completely different...There will be a general meeting of the Pie McKenzie fan club in the luxurious sitting room of the Lowell Eames Hilton on Feb. 30th. Ahhhh, sweet revenge. "Your basic Upper-Class voice of experience."

#### PERSONALS

Evelyn: Have you ever thought of using pinoculars? I wouldn't want you to get eye strain. Behave yourself if possible. Rosemary.

Judy: I wanted to give you a thought for the day but there

aren't anymore. At least I can't think of any. oh well...be good. Rosemary

Can a Polish Chinaman, with a dark tan turn red? Only if he sees a white car on the New Jersey Turnpike with some "special" girls in it.

YOU, Do you have anything planned for this Sunday, April 11th. If not, then why not go for a drive in the country on a U.L.S.C.C. Rallye! It starts at 11:00 a.m. and ends at about 4:00 p.m.

The Broad Squad is now open for business—see our column elsewhere in this paper. A complete list of prices available on request. Write to Box #114.

## Art Exhibition

The first University of Lowell Art Exhibition will be held from April 20-23 in Dugan Hall basement. The celebration on Tuesday April 20th will be open from 12-9 pm. It will feature demonstrations, refreshments, music, and a lot of great artwork. The demonstrations will include silversmith, watercolor, pottery, spinning wheel techniques, and slide shows. In conjunction with the exhibit, there will be an outdoor concert in the early afternoon put on by the ULowell Studio Orchestra. Following the outdoor concert, there will be indoor entertainment. Refreshments will be served from 12-2 and 6-8.

The exhibits on display will include oil and acrylic painting, watercolors, drawings, prints, photographs, ceramics, and jewelry. Student artwork may still be submitted. Entry forms are available in the cafe, SUB, mailroom, art dept., or library. Entries should be brought to the art dept. in Dugan Hall basement by April 13th (this is next Tuesday if you haven't read the entry information).

The Exhibition, on the south campus, will be open to the public and free of charge. Remember to submit all artwork as soon as you can! Help to make the first ULowell Art Exhibit a success!

## N.Y. TRIP

On Tuesday, April 27th, ULowell's Student Government is planning a trip to the New York Stock Exchange. This trip will be educational as well as valuable experience to all who attend. The bus will be leaving at 7:30 am on Tuesday and will return at 9:00 pm the same day. There will be no cost for the trip except the cost of your own meals.

Seats on the bus are limited, so the seats will be allotted on a first-come, first-serve basis. There will be a sign-up sheet in front of the mailroom on Tuesday, April 6th and Thursday, April 8th between the hours of 11:30 am to 2:00 pm.

Wanted: Anyone interested in having a friendly informal Bible Study. Please call Paul at 43430 in Lowell. After 5 p.m. please. Thank you.

Germany Bound: Just think, only nineteen more days till you will be Germany bound. Danguro Kipawa.

#### LOST & FOUND

Lost: Texas Instruments SR-50 calculator, serial no. 9213433. Last Friday, March 26 somewhere on North Campus. If found, please contact Jim, Box 2894. Reward.

Lost: Gold bracelet with floral design. Believed to have been lost in Cumnock Hall or in the parking lot behind Costello Gym on Monday night, March 1st. GREAT sentimental value. If found, please contact Becky at Box 97 Concordia Hall, South Campus or call 452-8610.

## KEO news

The King Educational Opportunity Department of the University of Lowell, in conjunction with the Black Student Union, is sponsoring a Umoja Basketball Classic Tournament. The tournament will be held April 23-25 here at the University. Tournament games will be held at both the Costello Gymnasium, North Campus, and the Mahoney Gymnasium, South Campus.

The K.E.O. Department has invited the Black Student Unions from some of the top schools and universities in the New England area to participate in this tournament, which should prove to be very interesting, as we are going to see some of the finest basketball players ever to hit the basketball courts. The schools that we have invited to participate in the tournament are:

University of Lowell, Malo team, Lowell, Mass.

University of Hart, Hartford, Conn.

Northeastern University, Boston, Mass.

Holy Cross College, Worcester, Mass.

Boston University, Boston, Mass.

Housatonic Community College, Bridgeport, Conn.

Rhode Island College, Providence, Rhode Island

American International College, Springfield, Mass.

Harvard University, Cambridge, Mass.

Central Connecticut State College, New Britain, Conn.

University of Massachusetts at Amherst, Amherst, Mass.

The K.E.O. Department is working hard to make this tournament a success. Why not show your support by coming to see the tournament? I guarantee that you will never see a finer gathering of college basketball players. These schools are some of the finest in the New England area, as I have said before, so attend the tournament and enjoy yourselves. The Umoja Basketball Classic Tournament should be a Dynamite Happening!!!

— Jeanette Farnum

## Concert choir

Music of the German Renaissance, a sonata recital, songs from the American Revolution and a three movement score composed for the Pittsburgh Festival of Arts will be performed in upcoming programs at the University of Lowell from April 7-25.

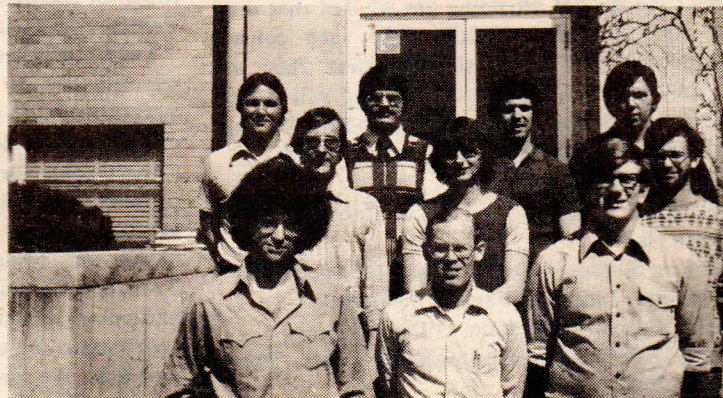

Programs are open to the public with no admission charge. All concerts are held at the Little Theater, Broadway and Rolfe Streets, and begin at 8:00 pm.

Dr. Edward Gilday, Dean of the college of music, directs the 50 member concert choir on April 7, singing both Bicentennial and folk song selections. "The Shot Heard 'Round the World" based on the Ralph Waldo Emerson poem "The Concord Hymn" by Katherine Davis is planned, along with "Paul Revere's Ride," narrated, and a work of John Biggs. "The Peaceable Kingdom" by Randall Thompson, and French folk songs, including "Alouette" accompanied by flutes and piccolos are also scheduled. The concert choir is one of several Lowell student groups planning concert tours, and will perform in Quebec and Montreal during the late spring.

## Scholarships Awarded

The Chemical Engineering Department of the University of Lowell announces the award of 10 scholarships for this spring term to seniors enrolled in the Paper Engineering Option of the Chemical Engineering Program. These students are expected to graduate this spring with a B.S. in Chemical Engineering. They are David Bolduc, David Burge, Paul Ciccone, James Evans, Stephen Jezak, Harvey Leibovitz, Lewis Shackford, Richard Shobaken, Robert Urbanski and James Viera.

The sponsoring companies participating in the scholarship program are: Albany International, Boston Paper Trade Association, Cabot Foundation, Crane Co., Gulf States Paper Corp., Hollingsworth and Vose, Improved Machinery Inc., Ludlow Corp., Nashua Corp. and Polaroid Corp.

## T.A.P.P.I. Trips

On March 2, 1976, twelve university students braved the snow and sleet to take a trip to Dennison Manufacturing Company in Framingham, a trip sponsored by the University's very active student chapter of the Technical Association of the Pulp and Paper Industries. Dennison is not a pulp or paper producer; they are a paper converter, using paper to manufacture a full line of commercial and retail products from paper. Labels, tapes, cards, tags, and tickets are typical Dennison products. Dennison also market copier systems and a "Therimage" process which prints color images on plastic bottles, samples of which are seen in any grocery store.

The group was guided through the entire Dennison complex by Mr. Fred Travers, whose good humor and immunity to the bad weather made the tour all the more enjoyable. The highlights of the tour were the continuous cutting of pressure sensitive labels, the very interesting solvent recovery sys-

tem, and the viewing of a reverse roll coater, convincing T.A.P.P.I. members that such equipment does actually exist and is not just dreamed up to put in text books. All in all, a very worthwhile tour.

Next T.A.P.P.I. Trip (those rascals seem to have more going on than any other professional society in the school) is April 6, to Bemis Bag Co. in Pepperell, Mass. This doesn't give much warning, but come anyway. Bemis manufactures a wide range of bag stock papers, with all sorts of applications in the packaging industry. The trip is open to anyone in the University. T.A.P.P.I. cordially invites anyone who wishes to attend to be in front of the chemical engineering office, EB-210, north campus, by 9:45 am on April 6 (Tuesday). I assure you, anyone who comes will be welcome with open arms, adoration, and presents bestowed upon you. Women—this is a great chance to meet the best looking men on campus while enriching your education at the same time!

## Economics of Ft. Devens

A report released by George Dery, Gerald Downey and Carol McDonough, a team of economists from the University of Lowell, says that "the closing or cutback of Fort Devens will have a negative effect, not only on the north central section of Massachusetts, but on the entire state."

The impact study, in preliminary form has been sent to the members of the N.E. congressional delegation, and projects that the entire region surrounding the fort will be added to the State's list of economically depressed areas.

As of December, the study points out, the Fort employed 6,567 military personnel with a total payroll of \$76.2 million and an average wage of \$11,606. Civilian personnel, totalling 3,088 contributed to a payroll of \$34.9 million and an average wage of \$11,302.

The Fort is a \$131 million business, including some 20 million annually in procurement expenditures. The geographic areas benefitting most from the procurement annually is Boston where some 55% of the supplies are bought from.

# How to fly home in the face of inflation.

Flying home economically is simple when you take off on Allegheny. And take advantage of the big choice of discount air travel plans. For instance:

### The Liberty Fare.

You can go home and a lot of other places besides, with unlimited air travel at one, low price. You get a choice of plans, too. 7 days for \$135, 14 days for \$155, or 21 days for \$185. Good everywhere we fly, except Canada. Advance purchase required.

### Group 4 to 9\*

Groups of 4 to 9 save up to 20% roundtrip between any of our U.S. cities. Simply make reservations and purchase tickets 48 hours in advance--and travel together. Our Group 10 Plan saves larger groups up to 33-1/3% roundtrip.

### The Freedom Fare.

It's brand new, offering up to 30% savings before June 1 and after September 15. During the summer season, the discount is 20%. Freedom Fare seating is limited on each flight, so advance reservations and pre-purchase of tickets are required. Good everywhere, except Canada.

### The Weekend Plan.

Take off as early as 7 PM Friday--return as late as noon Monday and save up to 25% roundtrip between our U.S. cities. Good anytime--including holiday weekends with advance reservations and pre-purchase of tickets.

### It's your move.

See your Travel Agent for complete details on our discount air travel plans. Or call Allegheny. We'll show you how to fly in the face of inflation.

Fares subject to change without notice.  
\*Effective April 1, 1976.

(#7864)

## AAS Blood Drive

Don't forget, The Red Cross and The Arnold Air Society will be holding their second Blood Drive, on the 9th of April... Come, and please give Blood... Remember, eat at least two hours before hand.

## Summer Sessions notice

**PRE-REGISTRATION** — University of Lowell Undergraduates  
**North Campus** — Summer Session Office—Southwick Hall (219)  
**South Campus** — Graduate Office—Dugan Hall (218)  
**IMPORTANT NOTES:** 1) **DEADLINE** for First Session is April 23rd.  
 Subjects which fail to attract at least **FIFTEEN** pre-registrants will be cancelled.

### ALL CANCELLATIONS ARE FINAL

2) University of Lowell students must file a standard **AUTHORIZATION FORM** with the Registrar for each subject taken during the Summer Sessions.

*Early pre-registration is advised* so that signatures of advisors and department chairpersons may be obtained in advance of final registration.

3) Preference will be given to pre-registered students when a section must be closed at registration. Book orders are also based on pre-registration requests.

### REGISTRATION—FIRST SESSION

Summer Session Office - North Campus (Southwick 219) May 19, 20, 21, and 24.

**ALL TUITION AND FEES MUST BE PAID AT REGISTRATION**

## Graduate Students Association Elections

Election of the University Council Representatives and the University of Lowell Associates Representative will take place at the open meeting of the G.S.A. April 6, 1976 at 11:30 am in room OH-115. Those nominated are: Peter Krumsiek for University Council Rep. and Robert Hogan for University of Lowell Associates Rep.

Election of the G.S.A.'s President, Vice-President, Treasurer, Secretary and Faculty Adviser will

take place the week of April 6. Elections will take place on the South Campus April fifth through the eighth in front of the Graduate School Office, Second floor, Dugan Hall, from 3:30 pm to 7:30 pm. At North Campus, elections will be held April 6 only from 2:00 pm to 8:00 pm in OH-G1. Below is the list of nominees.

### President

Roberta Graffam  
 Charles Quinby  
 Clem Taylor

### Vice-President

Mike Carlson  
 Robert Hogan  
 Frank Lazgin  
 Treasurer  
 John Hoering  
 Secretary

Tom Gazda

Nominations are open for Senator to the G.S.A. from each group as defined in the GSA constitution. Elections are conducted during the last full week in April by the incumbent Senator and all nominations from a group should be submitted to the incumbent from that group.

## Prospects come to Lowell

by Wayne Braverman

A week ago last Friday students from all over the Lowell area high schools came to the university to learn more about what would be in store for them if they were to come

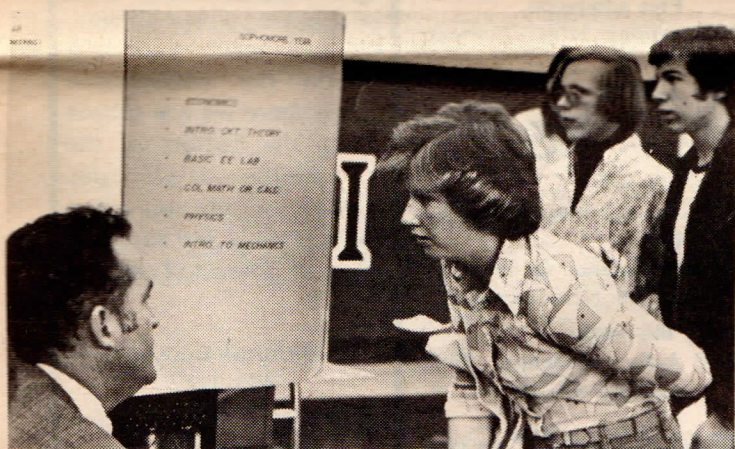

next year.

Most of the students who came had already applied to the school. They came mostly to see what the campus was like and use the visit

to help them decide which of the colleges they applied to would get the honor of their attendance this fall.

This visit day was set up pretty much the same way as the one held last fall. There were tables set up inside the North Campus gym for all the departments. The students had the chance to go to the table of their hopeful major and ask questions. The majority of students did not stay long. It was a great spring day and the majority seemed more interested in taking the tour of the university.

Overall the day for the seniors was a success. It did enable the high schoolers to see the university they may be attending and to compare it to other colleges they may have visited.

Prof. Powers of the EE Dept. answering questions from Coreen Coyle of Mission Church High School.

## Summer jobs

The Comprehensive Employment Training Act Program will be accepting application from economically disadvantaged persons under the age of 22 for the summer employment for eight weeks.

Application will be accepted at the CETA MIRA Offices between the hours of 1pm-4 pm Monday through Friday during the month of April. For greater Lawrence Area residents applications should be filled out at 577 Common Street, Lawrence; greater residents at City Hall 3rd flr, Haverhill; and greater Newburyport residents City Hall 2nd flr, Newburyport.

If you are between the ages of 14 and 17 you can work 25 hours a week for \$2.30 per hour. If you are over 17 and less than 22 you can work 35 hours a week for \$2.30 per hour.

If you have any question please feel free to call your local MIRA office for information.

Lawrence 682-3607

Haverhill 375-5631

Newburyport 462-8400

## Helicopter Aerodynamics

University of Lowell mechanical engineering students were given a first hand opportunity to study various features of a helicopter recently, through the cooperation of local businessman Jim Peirce.

Graduate students and seniors enrolled in "Advanced Topics in Aerodynamics" have been studying helicopter aerodynamics and control systems in class with Professor Eugene Niemi. In an effort to further illustrate his lectures, Dr. Niemi arranged the landing of a copter at the University heliport, adjacent to the school's Research Foundation.

The F-28A Enstrom was provided by Peirce, president of Peirce Ford Sales, Inc. and flown by the company pilot, Michael Poirier. Rotor blade design, control system

and other aircraft features were pointed out to the students by Poirier, who holds a rating as a helicopter flight instructor, as well as a pilot.

According to Dr. Niemi, "only a few colleges in this geographic area offer engineering courses specifically related to helicopter aerodynamics—Lowell and M.I.T. being the major ones. The course at Lowell is designed to expose students to several areas of advanced aerodynamics, with field trips and demonstrations added to class material for interest."

Further information on other aeronautical courses under the auspices of the mechanical engineering department is available from Dr. Niemi at the north campus of the University.

Michael Poirier, company pilot for Peirce Ford Sales, Inc. explains some of the features of a helicopter for Lowell students in Dr. Niemi's "Advanced Topics in Aerodynamics" class.

The helicopter landed at the University heliport for a demonstration shortly before the semester recess.

## Make the Speare house Your Party Headquarters

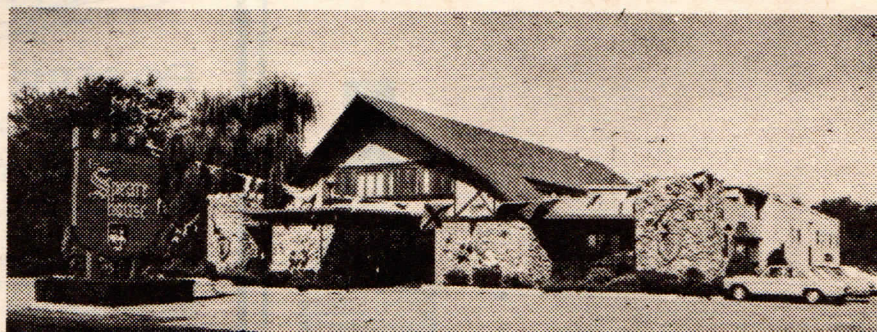

Special rates for University of Lowell Parties, Sororities, Clubs, Societies and Fraternities.

## Take a break at the Speare house

(Headquarters of the Greater Lowell Regatta Festivals)

The Speare house is the place to take a break from studies. Relax with your girl or buddies in our Camelot Lounge where special Sandwich 'n Beer menus cater to the college student appetite and budget.

Dress is informal, the food is great and the price is right!

The enchantment of Camelot materializes daily at

## Chairman's Corner

Spring Carnival planning is underway and booth sign ups were held last Thursday night. 16 organizations signed up, but we need many more booths. Remember there is NO charge this year for a booth and we would hope that all clubs and organizations would set one up. The more the merrier! Sign ups will be held again this Thursday at the **Connector** office at 7:30 pm. The location is still up in the air. Last Thursday myself and Deborah Benson went down to the Police Station to find out what we had to do to close down University Ave. Lt. Sullivan, Traffic Control Chief, talked to us briefly about the hassles involved. He would be the one to grant us the street and suggested that our second alternative would be the better setup—closing the street down on Broadway in front of Coburn Hall. But he suggested that we could still request University Ave. in a letter to Chief of Police MacPhail. He would then in turn forward the request to Lt. Sullivan. Before we left the Lt. stated that he wasn't shooting our request down but that he wanted us to be aware of the opposition that we might run against from the Pawtucketville Community. If any of you students are from Pawtucketville we would appreciate any

lobbying you could do for us. This would include you or your parents supporting us in community debate surrounding our closing down the street. And if any of you know the Chief or Lt. Sullivan give them a call and tell them that Spring Carnival is a good idea and you support its location. Thanks.

The recent announcement that the Senate is paying for the buses was greeted with optimism by almost everyone. But they failed to think of a few things in their decision. Why should the Students be paying directly or indirectly. The quarter charge wasn't fair but using the Activity Fee for a service that should be paid out of the school's budget seems to pose dangerous precedents. For instance what happens if the Administration cries poverty next fall? Will the Senate want to subsidize a whole year of transportation? Six weeks are now costing them \$5,000. What would a whole year cost? Would the Senate decide to make the students pay 25¢ again? So what do they do? Next fall the Senate could conceivably find itself hemmed into paying a considerable fee for an administrative service that should be provided for by the school. The administration can turn around and say to the Senate, "you paid for it last year, why can't you pay

for it this year?" The 1977 University of Lowell budget is already formulated. Did the Senate bother to find out if Transportation is included? I don't think so but I hope I'm wrong. Spreading the wealth is fine but let's do it in the right places.

Thanks,

— Sandy

# Spring Carnival

## Bilingual play at Little Theater

An adaptation of the bilingual play **Fulgor y muerte de Joaquín Murieta** will be part of the program to be presented at the Little Theater, Mahoney Hall on April 8 from 10 am to 1 pm.

The program will include: Chinese classical and character dances by Chinese students from Brighton High School, improvisations by Italian students from East Boston High School and the bilingual play originally adapted for street theater **Fulgor y muerte de Joaquín Murieta** by Hispanic students from Boston English High School.

This program, sponsored by the Spanish Club is part of a

presentation of cultural awareness through art in education funded by E.S.E.A. Title VII and a project co-sponsored by the Mayor's Office of Cultural Affairs of Boston and the Bilingual Department of Education of Boston.

It comes to Lowell through the cooperation of Cecilia Soriano Bresnahan, Curriculum Director of the program and Prof. Herlinda Saitz from the Language Department of the University of Lowell, South Campus.

## Magician to appear

Doug Henning, the world renowned magician of stage and television will come to the University of Lowell on April 24. This was made possible by the efforts of the Cultural Committee. A time and building has not been set.

More details will be supplied when available.

## What's Happening?

### Tuesday, April 6

9:45 TAPPI field trip to Bemis Bag, Pepperell, Mass. Meet at EB-210

11:00-

2:00 Mechanical Engineering Open House. Ball rm 118

11:00 Art Exhibition meeting. Dugan Hall Basement

11:00 Sailing Club meeting in K-202. Contact 477 if you can't make it.

11:30 ASCE meeting. Speaker: Mr. Karaleikos of the EPA. Pizza and soda.

11:30 Sports Car Club meeting. Nominations for new officers. SUB 524.

12:00- 2:00 Hang gliding club meeting. Multipurpose Room.

7:00 Women's Center Movie, Room at the Top, Media Center

7:30 AVS Movie Shampoo, Cumnock

### Wednesday, April 7

1:00 Lecture by John Crawford on Politics and the Teaching of English, Rm. 222, O'Leary Li-

brary

7:30 AVS Movie Shampoo, Cumnock Hall  
Women's Center trip to Bread and Roses

### Thursday, April 8

11:00 Women's Center Meeting, rm. 356, South SUB

### Friday, April 9

All day AAS Blood Drive. Cumnock

### Saturday, April 10

12:00 New England Collegiate Team Karate Tournament in N. Campus Gym. Free admission.

7:00 Sunday Mass, Newman Center

### Sunday, April 11

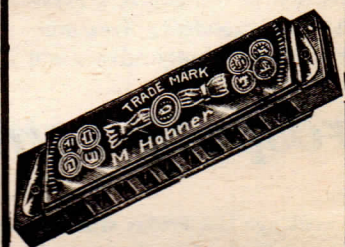

11:00 ULSCC Rallye registration, "Baha's Little Brother"

7:00 Sunday mass, Newman Center

8:00 Preparation for marriage course. Newman center

### Someday this week

12:00 Arab Student's Club meeting. KI-202

What we are looking for are people who can supply light entertainment; such as acoustic guitar playing, singing, etc. You will workin the coffeehouse atmosphere we are setting up in the bottom of the Rathskellar. It will pay well and supply you with a job on Friday and Saturday night. If interested call;

Deborah Benson  
454-3247

After five p.m.; leave name and number.

## NOTICIAS DE CUERVO

If a tree falls in the forest and there's no one there, who are you going to drink your Cuervo with?

# Spring Carnival Is Coming

## What is ME?

The entire University community is cordially invited to attend an Open House sponsored by the Department of Mechanical Engineering. This interesting and educational event will be held on Tuesday, April 6 from 10:00 am to 2:00 pm in Ball Hall, room 118. Everyone in the University community who has an interest in learning about the department, the curriculum, the role of a mechanical engineer in today's society, or anything else connected with mechanical engineering is encouraged to attend.

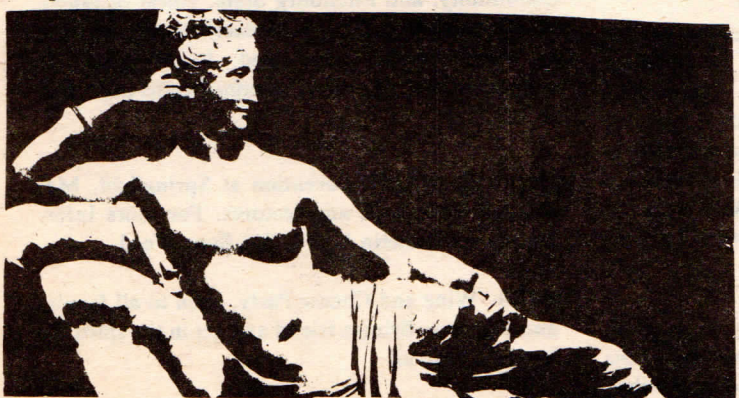

Faculty members and students from the Department will be available to demonstrate laboratory equipment and to answer any and all questions that you have. Some of the equipment that will be demonstrated at various times during the day includes: an analog computer, induction furnace,

wind tunnel, impact tester, tensile tester, non-destructive testing, photo-elastic displays, fluid power controls, and a wave table.

This will be a good chance for students who are considering the study of Mechanical Engineering and for people unfamiliar with the Department to meet some of the faculty and students, see our labs and, in general, to learn what ME is all about.

Refreshments will be served.

ATTENTION: ME SOPHOMORES, JUNIORS AND SENIORS: More people are needed to assist in running the open house. If you can spare even one hour on Tuesday please contact Jim Yankauskas, Box 792. If you want to run a machine, sign up in the ASME lounge. You will be taught all you need to know about the machines.

For all persons interested, the Art Co-Op will be having a Model Session, Tuesday, April 6, from 4-7 p.m., at South Campus, Dugan Hall Basement.

## Concerts at ULowell

Concerts begin at 8:00 p.m. in the Little Theater, Rolfe and Broadway Streets, at the University of Lowell. No admission charge.

### Wed. April 7

University of Lowell Concert Choir, directed by Edward Gilday; "The Peaceable Kingdom," Randall Thompson; French Folk songs; "The Shot Heard Round the World," Katherine Davis and "Paul Revere's Ride," John Biggs.

### Wed. April 14

University of Lowell Wind Sinfonia, directed by Thomas Elliot; "Arutunian Trumpet Concerto" soloist Natalo Paella; "Circus Polka," Stravinsky; "Tower Music," Henk Badings; "Two Madrigals," William Byrd and Thomas Morley.

### Tues. April 20

University of Lowell Faculty Artist Recital, Paul Roby and Anthony Mele; "Sonata No. 4," Charles Ives; Sonatas of Debussy and Beethoven, "Kreutzer."

### Wed. April 21

University of Lowell Vocal Chamber and Percussion Ensembles, directed by Ruth Ashley and Everett Beale; "Psalm Konzert," Heinz Werner Zimmerman.

### Sun. April 25

University of Lowell Collegium Musicum and Collegiate Chorale, directed by David Green and Robert White; Music of the 16th century German Renaissance, Ludwig Senfl, Samuel Scheidt, Johann Schein and others.

## The great debate

Thursday, April 8 at 12:30 in room 329 of the O'Leary Library, the IAN is holding a debate on the Relations of American born and foreign born Armenians. Although this debate is involving Armenians, the issue is common to many

### Open House

The University of Lowell Chemical Engineering Dept. is holding its annual open house on Wednesday, April 14. The following exhibits will be demonstrated by department students: Paper Machine, Handsheets, Physical Testing, Control Systems, Distillation Tower, Analog Computer, I Efficiency Evaporator, Pourous Bed, Reactor and Extractor.

If you are looking for an interesting major or just curious to see what Chemical Engineering is all about drop by the Engineering Building from 9 to 4 on Wednesday, April 14. Refreshments will be served.

## SPS banquet Friday

The Society of Physics Students (SPS) will hold its annual banquet Friday, April 9 at 7 o'clock at the Coq d'Or restaurant in Dracut.

The guest speaker will be Judith Bregman who produces films for physics demonstrations. Several of her films will be shown.

Tickets for the dinner are \$5.00 and are available in the SPS room (OG2A in the basement of the Onley Building).

## Aide to resident handicapped students

Several handicapped young men and women have expressed an interest in attending the university in September. To enable them to live on campus aides are needed to assist them in their daily routine. If you are interested in this position please contact Ellen Dugan, Eames Hall for further details regarding responsibilities, compensation, etc.

ethnic groups today. The problem is that the third generation of American Armenians and Armenians from "across" don't get along. They should let the Armenian in them transcend any cultural difference inbred in them since birth but this is not happening. Instead American born call the foreigners "D.P.s," and "boat jobs" and other equally discourteous labels. In return the foreigners have names that smear the image of Americans. This Thursday Harry (American) and Mel (foreign-born) will debate this issue and present each respective opinion. Hopefully after the shooting has stopped they will make an effort to solve, or at least dull the sharp edges of the problem. I'm sure that Greeks, Arabs, and

almost any other ethnic group is having a similar problem among their people. In order for any ethnic group to retain its identity it must erase any friction between its members. This is just an effort to crack the shell of prejudice between each side of a problem that should not exist. The debate is open to any interested student who doesn't mind loud voices and fists pounding on tables! This is just one in a series of presentations sponsored by the IAN which is the Armenian Club of the University of Lowell. This Tuesday the lecture is on "Armenian Ethnicity." Again although this lecture involves Armenians it potentially relates to other ethnic minorities such as Greeks, Arabs and Jews.

## ASME field trip

Anyone who is interested in non-destructive testing is invited to join the American Society of Mechanical Engineers in a field trip to the Arnold Greene Testing Laboratories in Natick on Tuesday, April 13. Arnold Greene Testing Laboratories are concerned with non-destructive and destructive testing, analytical chemistry, construction inspection and pollution and environmental testing. The field trip will focus primarily upon the non-destructive testing area where the various laboratories handle such processes as Magnaflux, Zygo-Dye Penetrant, Multimillion Volt and Low Voltage X-Ray, Gamma-ray, Ultrasonic Flaw Detection and Thickness Measurement, Bore-scope, Film Evaluation and Consultation, and Radiograph Copying and Duplicating.

A 30-student limit is being placed on this trip; therefore a

signup sheet has been placed in the ASME lounge, BL-125 (North campus). The bus will leave from in front of Cumnock Hall at 12:00 noon on April 13.

This trip is open to students from ALL majors.

**You've  
been there.  
Now you  
can help  
them.**

They've got a long way to go. In a world that isn't easy. But with someone's help, they'll make it. What they need is a friend. Someone to act as confidant and guide. Perhaps, it could be you as a Salesian Priest or Brother.

The Salesians of St. John Bosco were founded in 1859 to serve youth. Unlike other orders whose apostolate has changed with varying conditions, the Salesians always have been — and will be, youth oriented. Today we're helping to prepare youngsters for the world that awaits them tomorrow. Not an easy task but one which we welcome.

And how do we go about it? By following the precepts of our founder, Don Bosco. To crowd out evil with reason, religion and kindness with a method of play, learn and pray. We're trying to build better communities by helping to create better men.

As a Salesian, you are guaranteed the chance to help the young in a wide range of endeavor... as guidance counselors, technical and academic teachers, as coaches, psychologists... in boys clubs, summer camps... as missionaries. And you are given the kind of training you need to achieve your aims.

The Salesian family is a large one (we are the third largest order) but a warm one. A community with an enthusiastic family feeling where not only our talents are shared but our shortcomings, too. If you feel as we do, that service to youth can be an important mission in your life, we welcome your interest.

For more information about Salesian Priests and Brothers, mail this coupon to:

## CLUBS

### Sports Car Club

As those members who have attended the meetings know, a new system has been put into use to assure more perfect Rallyes. The Rallyemasters have to report to a board of the club officers and answer up to any difficulties encountered on his Rallye. All cars are asked to file complaints (if any) in writing at the end of the Rallye. These complaints are reviewed and judged by the board. The more mistakes the Rallyemaster makes, the more he is penalized towards the Club Championships. So far this system has worked out excellently. We have had three Rallyes so far this semester under the new judging system and there have been no major mistakes. (Some

typographical errors, but nothing to mess up a Rallyist.) The first three Rallyes were: The All The Way Rallye by Dennis Unger, The Sadie Hawkin's Day Rallye by Kevin Metcalf, and The OGRE's Bicentennial Rallye by Dave Stevens and the OGRES.

Yesterday, Sunday April 4th, we held our first spring Autocross. With any luck, it should have come off quite smoothly.

On this coming Sunday, April 11th, we will be holding the "Baha's Little Brother" Rallye. It starts at 11:00 A.M. with the first car off at 12:00 noon. It has about 80 miles of nice winding country roads, and should make a very enjoyable afternoon. It is a straight T.S.D. Rallye where all you have to do is stay on course and on time. There will be no questions to look for on it. Novices will have help with any of their questions during the Registration period. So if you've been looking forward to running in another Rallye or if you'd just like to try one out and find out what it's all about, then just bring a friend and come on over. Almost everybody that has run in them before has had a real good time, and it only costs \$3.00 per car.

Below is the schedule of events for the rest of the year:

Sun. April 11	11:00 a.m.	The Baha's Little Brother Rallye
Sat. April 24	8:00 p.m.	The Night Rallye
Sun. April 25	11:00 a.m.	The second Spring Autocross
Sun. May 2	11:00 a.m.	The Fun Rallye and Picnic

The Club will be holding nominations for next year's officers on Tuesday April 6th at 11:30 a.m. in S.U.B. 524. The Elections will take place at the following meeting. All members or those who wish to become members should attend.

### U.L.S.A.M.T. News

The newly formed U of L Student Association for Medical Technology welcomes all MT students, and any interested student, to future meetings. On March 30 elections were held and the following will hold office for the remainder of the semester and continue their duties in September:

President ..... Joanne Boudreau  
Vice President ..... Debby Bajoras  
Treasurer ..... Joanne Zaino  
Delegate ..... Cathy MacDonald

#### COMING EVENTS:

April 7: Merrimack College Library; joint meeting of MT chapters from U of L, Merrimack, Middlesex Community, and Fitchburg State, Guest Speaker: Ms. Paula Miller. This is an excellent opportunity to learn about State and local levels of organization. Come early, meeting begins promptly at 7:30 p.m.

April 19-23: MAMT Convention at Springfield, Ma. Student workshops and lectures. For more information see bulletin board, 3rd floor Weed

April 29: Wine and Cheese Party, open to all faculty and students. Bring a friend and get in the spirit for Spring Carnival!

For further information regarding participation and transportation see any member and watch the postings on the bulletin board.

### Art Co-Op

If you missed the lecture by David Thomas, you may be happy to know that he will be exhibiting at the West Canton St. Gallery, 183 West Canton St., Boston, on April 4-April 30 from 9-5, Monday-Friday. The Art Co-op would like to thank all those involved with the success of Thomas' lecture and special thanks to Robert Griffith.

#### DON'T FORGET:

There will be an important Art Co-op meeting held on Tuesday, April 6 at 11:30 am, Dugan Hall Basement #3 (South Campus). The meeting's agenda pertains to the nomination and election of new officers for the Art Co-op. So please make it a must to contribute your services.

\*\*\*Don't take any chances in passing up the last showing of the Gallery 410's Watercolor Exhibit. The Exhibit will be open from now until April 6. Time: Monday-Friday, from 10-3. Come on down.

# SCUBA CLUB

Elections for club offices will be held Thursday, April 8 in K211 at 12:30. All members are URGED to attend. Members who don't attend will have their socks stolen by one famous sheepdog, Sebastian, owned by our devoted president, John S.

Also, as a correction to last's weeks article, meetings will be held every week in the room and time listed above. Weekend dives are planned during the meetings so if you want to dive, show up so we can get any equipment that you might need.

As you know, we recently acquired a brand new 8 man/-woman Avon inflatable boat with a not-so-reliable motor mount. On our first club dive with the boat we were sure to have a fantastic time. Well, after the motor mount cracked, we tied it up with rope and set out for an island around the Cape Ann area. To make a long story short, after crashing

against the rocks while John S. watches the motor flying through the air into his arms and leaving ten tanks and two guys stranded on the island, we tried to get the motor started so we could pick up the rest of the divers on the beach.

We could not get the motor started but we got lucky and someone towed us about halfway and then let us go against a bunch of rocks. After stroking our oars for a good half hour we finally got to the beach. Anyway, to make the day complete, by the time we got back to the divers on the island, high tide went out and you could walk to the island from a nearby beach. That was an experience we won't forget for a while and it will probably happen again.

Remember, elections Thursday, April 8 in K211 at 12:30. Also, anyone who is interested in joining this club full of harrassing experiences are invited to attend meetings anytime.

## International Student Circle

The International Night is coming April 21. All indications point that this year's event is going to be the biggest so far. In addition to films and the International entertainment show, we are going to have an exhibition and a large food display from the following countries: Venezuela, Greece, Arab States, African Countries, Hong Kong, Pakistan and Bangladesh.

There is a lot of work needed to help organize and prepare for the Night. People are needed to help us before and during the event. We urge you to get involved with us. Organizational meetings are being held every Tuesday at 7:00 p.m. in SUB 618. Free coffee is available. Join us in making the fifth International Night the biggest and most successful ever.

## Spanish Club

### Spanish Club

Yes, Virginia there is a Spanish Club at the University of Lowell! Now that it's springtime and we've been showered with dollars from the Student Government we are redy to hold many of the cultural functions that we have been planning since fall. As many of you will probably remember, last year the Club sponsored three major events. These were: a Spanish fiesta, a Spanish feria (fair), and the performance of

Segundo Pastor, a Spanish classical guitarist.

This month, four cultural activities will be realized. There will be a performance on April 8 by the Bilingual-Bicultural Theater Arts in Education, a Spanish film, "Lazarillo de Tormes" on April 20, and a Spanish Nite also on April 20. A field trip to a Spanish or Mexican restaurant is also on the agenda although no definite date has been set. All events are free and open to the public.

## Spanish Club Calendar of Events

April 8—Bilingual-Bicultural Theater Arts in Education. Performances by Spanish, Italian, and Chinese students from Boston. 10 A.M. - 1 P.M. Little Theater, Mahoney Hall, South Campus. Free Admission.

April 20 - 1) Spanish film "Lazarillo de Tormes". In Spanish with English sub-titles. 11 A.M. Weed Hall Lecture Hall #2, South Campus. Free Admission.

2) "Una noche espanola" "A Spanish Nite". Live band, free tacos, and free Spanish sangria. 8 P.M. - 11 P.M. 2nd. floor S.U.B., South Campus. Free Admission.

April 27 - Spanish Club Meeting. 11 A.M. Weed Hall, Rm. 206, South Campus. Election of officers. All new members welcome.

## T.A.P.P.I. Open House

On April 14, 1976, the Technical Association of the Pulp and Paper Industries, with help from E.-E.Ch.E. and the chemical engineering department, will present open house of all pulp and paper equipment. We'll be around from 9 A.M. to 4 P.M., on the second floor of the engineering building, north campus. We encourage all students of the University to stop by and learn a bit about pulp and paper making, america's largest unknown, and most taken for granted, industry. We extend a special invitation to all our fellow

students on the South Campus who are heavily into the arts to take a little time to visit us.

A complete papermaking process will be running and you'll have the opportunity to make your own souvenir sheet of genuine paper! Our President, Lewis Shackford, and our advisor, Prof. James A. Mann, will even be happy to autograph it for you! So stop by and give us a look. We guarantee a warm welcome and that we'll try and answer any questions you have.

## Armenian Club News

Armenian Nite as defined by the Websterian Dictionary.

Armenian Nite, noun, Ar-mee-nee-yen Ni-eet; an event in the nature of a mixer sponsored by the Armenian Club; 1. Held annually at South Campus of the University of Lowell, not to be confused with other eastern mixers because Armenian Nite contains the following elements; music by the recording artist Richie Berberian and his ensemble, Armenian food and alcoholic beverage, oriental belly dancer. 2. Armenian Nite has no admission, no charge for food or drinks, (\$2.00 admission for one-University of Lowell Students) synonym: down hill of a roller-coaster, Christman morning, tax return check; antonym: dull, unexciting; math, Music History!!

There will be posters put up in

the caf of the South Campus, and in the mail room, lounges, and caf in the Towers of the North Campus. Profits from Armenian Nite will be spent to buy books for the library and records for the listening room.

The I.A.N. Lecture Series began last week with an excellent presentation by Jim Magarian. Jim lectured on the Illuminations in the manuscripts of the Armenian Church. To correspond with the lecture, Jim prepared a slide show which he had taken himself while studying in Jerusalem. His talk was clear and to the point. He offered information which represented a substantial amount of research. Jim will be giving another presentation on April 13; the topic will concern the Armenian Patriarchate in Jerusalem. It is an honor for the I.A.N. to have as members people like Jim Mag-

arian and Rich Berberian. These two Armenians have exhibited sincere interest in perpetuating the culture of their forefathers. Their potentials as leaders and educators of the Armenian people is commendable, abris Jim....abris Richie.

This week the I.A.N. Lecture will be on "Armenian Ethnicity". The lecture is by Harry O. Alexanian. He will be giving his views, not necessarily those of the I.A.N., on the identity of Armenians and their ethnic experience. The main theme of Harry's lecture will be defining what being Armenian means. The lecture will be held in room 329 of O'Leary Library at 11:30. On Thursday in the same room at 12:30 there will be a debate on the relations between American-born and foreign Armenians.

## ULNA News Report!

April is "Film Festival Month" ... here is the time schedule for the films ...

1. **Introduction And Variations in Normal Neonates ... I & II ...**

— April 6, 1976 ... at 2:30 p.m. ... in O'Leary Library ... the film room ...

2. **Until I Die ... Understanding Diabetes ... & When A Child Enters The Hospital**

— April 13, 1976 ... at 11:00 am-1:00 pm.

All the films are open to the campus ... WELCOME!!

### GUEST SPEAKER!!

A staff member from JOSLIN CLINIC, will be coming to lecture on Diabetes. Possible date for this is April 27, 1976 ... place is O'Leary Library ... same room as where the films are being shown ...

The outline for this event is:

1. One hour lecture ... "Diabetes and the eye." ... "Can diabetes be prevented or cured?" ... "Pancreatic transplants." "Oral insulin." — Recent discoveries ... The future?

## Equestrian Club

We are in the planning stages of forming an equestrian club at the University of Lowell. If you have an interest in horses, this is the club for you. For more information, call Sue at 459-9203.

## Arab Student's Club

At our February 25th meeting we decided to organize an "ARABIAN NIGHT". It will be held April 10, 1976. It will present many aspects of Arabic Culture. There will be a variety of Arabic snacks, a live band that will play throughout the evening, and an exotic belly dancer. It promises to be an unusual and enjoyable evening for all.

Formal dress (no jenas!) Students with U.L. ID free. All others \$3.50.

## Sex. . . Do You Know The Facts

Interested in Birth Control? VD? Or any other facet of human sexuality? On April 12th in the South Campus cafeteria and on April 14th in the North Campus mailroom, pamphlets and other information will be accessible to anyone interested. Tables will be set up on both campuses with literature pertaining to Birth Control and Venereal Disease. A counselor will be available to answer any questions you may have.

This presentation by P.S.I.C.S. (Peer Sex Information and Counseling Service) is one of our many functions serving the student body. Our organization is founded on the principal of increasing awareness of people to a subject often misunderstood...sex. P.

S.I.C.S. is a group of 24 student counselors trained to listen and deal with current problems of sexuality. As students of ULowell, we are concerned with the distribution of accurate sexuality information. We also offer a peer counseling service open to all students. We are located on south Campus in SUB Room 348. Counselors are on duty from 9-3:00 Monday through Friday, and plans are being made for evening hours. View our displays next week or drop by our lounge anytime. Our hot-line number is 453-3804.

Anyone interested in participating in the festival with crafts, food, talent, etc. should contact Melinda Taplin or Ken MacShane in the American Studies Club office, SUB 339 S. Campus on Tuesday or Thursday at 11:00.

## Judo Team Bows

The University of Lowell Judo Team traveled to Annapolis, Md. on the weekend of March 13 and 14 for a festive occasion. The occasion was the first Collegiate Judo Championship of the year. Lowell sent six competitors for this event, Mike Taylor, Arthur Craffey, Mike Gregg, Dan Fitzgerald, Gerry Paolilli, and Frank Asimakipoulos.

On Sat. the 13th, the first day of competition, the individual championships were held. Though everyone performed well above expectations, the long trip down to Annapolis had its tiring effect on the outcome of Saturday's fierce competition.

After resting up that evening the guys seemed really prepared and in high spirits at weigh-ins Sunday Morning for that afternoon's Team Championships. Lowell looked very impressive (even among the larger colleges) but succumbed in a very close competition 3-2.

Only one injury was incurred, that by Arthur Craffey who suffered a dislocated in the first day of competition. If Lowell had received anything valuable from the competition it was the experience of intercollegiate play in this rough and aggressive sport of judo. Just ask Mike Gregg, who competed for the first time in tournament competition.

## IEEE

On Wednesday, April 14, 1976, the University of Lowell-Chapter of- The Institute of Electrical and Electronic Engineers, will be holding elections for the 1976-1977 academic year. Offices include President, Vice-President, Secretary, and Treasurer. All sophomores, and juniors enrolled in Electrical Engineering, whether or not they presently hold membership in the IEEE organization, are eligible to run, and both classes are encouraged to vote.

Nominations will be taken by Prof. Spurke of the EE department in Room 305, during the week of April 5.

We, the present officers and members, are looking forward to a strong response to make next year's IEEE the most active professional organization on campus.

## Women's Center

The women's center is planning to put together a page on women at University of Lowell for the Lowell Sun. We would like to include women in sports, women faculty, the sororities, women in the dorm, women at Tech, women in nursing, etc.. Anyone interested in contributing to the proposed articles should contact Amy at the Women's Center or at 454-6517.

If anyone has lent a book to our library please come and pick it up so that we can clear our bookshelves before finals. If you have borrowed a book, please return it as soon as possible.

See you all at Bread and Roses.

# Can one good man really make a difference?

In this age of turmoil, young people are deeply concerned about making their lives more meaningful, and doing more to help others.

Through faith, prayer and action, each individual can help spread Christ's message of love in the world.

But by living and working with other like-minded men in the community of the Christian Brothers, there is a unique opportunity for spiritual growth and service to others.

The Christian Brothers indeed are helping to build a better world, especially through education.

So if you want to know how much of a difference one good man can really make, talk to the Christian Brothers.

## The Christian Brothers

# GREEKS

## PHI SIGMA RHO

Congratulations are extended to Phi Psi who capped their winning season by defeating Pi Lam for the Intramural Bowling Championship. And while we're on the subject of winning, both Phi Sigma Rho A and B teams are picking up consecutive wins, though we admit that B-teams' wins are rather peculiar.

The challenge basketball match against WLLH has been scheduled for 8:00, April 21 at the Costello Gym. All proceeds will go to the Retarded Adults Recreation Association. There will be some surprise guest players who surely will provide plenty of laughs, so do plan to attend.

April 20, 21, and 22 are the dates planned for our interview period, and any woman interested in knowing about the sorority (our service and community projects, and our sports and social events) should drop by the Womens Lounge K315 any time to talk with the sisters.

A meeting will be held for the sisters next Wednesday at 8:00 p.m. in the SUB, to discuss coming plans for Spring Carnival, the Whist Tournament, and the Chicken Bar-B-Que.

## OMICRON PI

Well the month of April has officially started at OPI. Last Friday marked the date of the 43rd annual Coliseum on 31 Waverly Avenue. As was expected all the seats were filled by 7:00 and there was standing room only. On April 9th OPI is having another

gathering so if you missed last weeks festivities stop by on Friday, have a few beers, chat with the brothers, and enjoy the entertainment. Baby Porker says he may make a special appearance to demonstrate his newest vacuum attachments.

## SIGMA KAPPA EPSILON

The sisters are finding it hard to get back into the swing of studying after a great vacation week of soaking up the rays and partying. Speaking of parties, Saturday night was a fantastic success. Everyone had a great time, and thanks to the brothers of Phi Psi for all their work.

Our Initiation Banquet for new sisters was held Friday, March 26 at the Windsor, and Sunday we held a Parent's Day at the house. Last Wednesday the sisters cheered the Celtics to a win, followed by the volleyball victory. Our activity calendar is filling up fast for April with plans being made for a Greaser Party, visiting the VA Hospital, Spring Carnival, and elections. Posters should be up soon with the dates of the next party. Hope to see you there!!

## ALPHA SIGMA TAU

Greetings,

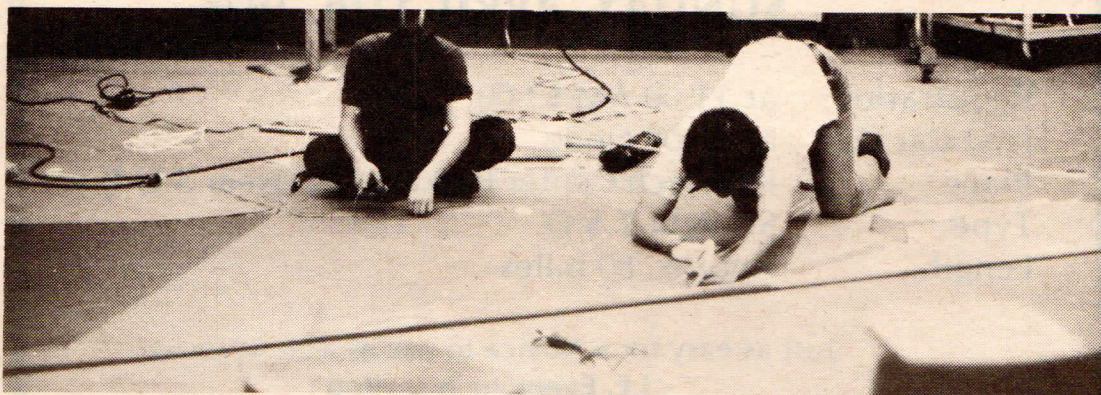

Have you ever had trouble with fleas? April 25th, Sun., we're having a flea market in Cumnock Hall, 9 a.m. to 5 p.m. Dealer's spaces are \$7.00 each. Contact Box 609 or Box 2551. It was a big success last year, so bring your little flea swatter.

We held our Wine and Cheese Party last Mon. People walked around like they were Virginia reeling. Everyone was a little crackers.

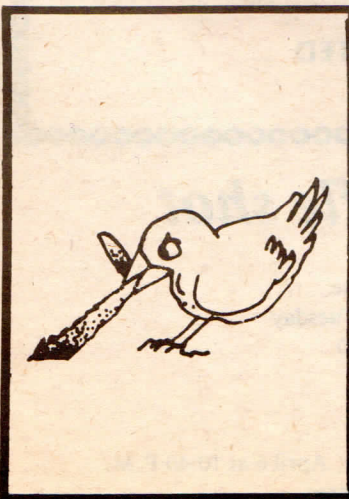

Thanks go to L.J. for her lovely gift. I have the first page of the "What the Professor Forgot" coloring book started.

Congratulations and happy elf day to Pam, who, in a candlelight ceremony by the Christmas tree, received her elf membership card. Trolls here beware, don't try to eat her membership card.

Muscles Watson must also be mentioned. Her amazing biceps and triceps were put to good use when loading up those chairs. Three chairs for Liz. The End.

Walter Lewis helping Steve Pearson put his kite together.

## German Summer School of the Atlantic

JUNE 28 TO AUGUST 13, 1976.

Earn up to 10 credits in only seven weeks at the U.N.H. campus in the seacoast region of New Hampshire.

We offer undergraduate and graduate studies in German — language instruction, politics, literature, and more.

Financial aid is available.

WRITE GERMAN SUMMER SCHOOL, UNIVERSITY OF NEW HAMPSHIRE  
P.O. BOX 611, DURHAM, NEW HAMPSHIRE 03824

## TAU KAPPA EPSILON

Howdy people out here on this ULOW Campus. April's come to visit us again, with only a few weeks between us and your favorite Springtime blast, of course it's Spring Carnival. Everyone knows that this year the Sun will shine, an inside tip from Mother Nature herself. But before that all happens, TKE will be having it's best Party of the whole semester.

**TKE NIGHT — OPEN BAND PARTY**  
— 8:00 to 1:00 — SATURDAY, APRIL 10, 1976.

**FOOLISH PLEASURE** — Top Rated Disco Band will play for your listening and Dancing enjoyment. All University of Lowell students and guests are invited to attend and Quench you thirst at 70 Methuen Street, corner of Tenth Street in Lowell. Come by for a few songs, you won't regret it.

**NOTES ON SPORTS:** Wrestling

Intramurals came to a finish as good showings were given by the TKE team of Alan Descoteaux, Dave Najem, Lee Kinnon, Gary Beaudry, and Jim Webb who conceded his matches due to the Swine Bug infiltrating the House. Al "Cannon" wrestled tough and mean, but finished second to Paul Donaghue of J.M.B. in the 158 lb. class. Third place finishes by Dave and Gary finalized our wrestling debut for the season. My Thanks to Dave Hopler for doing a tune on Mr. Conway in the Finals, and Congrats to Phi Psi for their first place team.

Continuation for Fraters of the Week might include the Sparks Brothers, Dougo, Tomo, Boojo, and Window. They presently reside in the Colonel's Master bedroom and have the scenic view of the Metropolitan Lowell below. Ugh . . . . See you folks at the PARTY . . . . Booj . . . .

## NO NAME PARTY

FRIDAY APRIL 9

31 Waverly Ave.

452-8330

## PI LAMBDA PHI

Well the boys on the hill are back and going strong thanks to our party on April 2nd. Many thanks go to our industrious pledges, Dave Filosa, George Czernienko, Paul Boudreau, Don Flanders, Steve Belisle, Dave Kasik, Jim Jonas, for keeping the house looking clean and for tending the bars, thereby freeing the brothers for a good stiff. By the time this article is printed there will be a new owner of the illustrious Pig Award, more details in the next issue. PiLam lost their bowling title to PhiPsi last Monday night in a close duel, but we'll try again next year. Meanwhile the volleyball team is still rolling along at 6-0, so we're looking forward to that title. Also we're

getting primed for softball, so things are booming around here.

**PILAM Piddlings:** . . . This week the coveted top spot goes to Paul "I was blown away" Baroni for his graceful swan dive last Friday night . . . 2nd place: Chuck "I really was invisible" Faraci for his disappearing act . . . Lawrence "Rembrandt" Hall for his copy of the Last Supper . . . Honorable mention goes to Les-lie Gardener for causing the boys to have a new adjustment period . . . Just remember "If everybody works and nobody shirks we can raise this town from the dead."

## PHI GAMMA PSI

Last week was just like any other week unless you were at Phi Psi. It started like most other weeks do, however this one was something special, at Mellos the millers were flowing as fast as the pins were falling, and Phi Psi was on the scent, and we found it as the train kept rolling all night and week. The smell of gym suits filled the house, the wrestling trophy was at stake. The quest for the elusive wrestling trophy was about to be realized and there was nothing to stand in our way. With a cheering section bigger than Notre Dame's we carried off three titles in three nights. The smell of de — feet was not enough to keep us back. The victories were celebrated until Saturday night and it lives on so if you want to celebrate with us come on over to 406 Pawtucket Street and join in. What a way to finish a term.

## Soaring

Steve Pearson, class 4 pilot, recently finished a kite of his own design. The kite was flown at Mt. Cranmore. Steve, being a "prudent" person, had Jim Guertin test-fly it at Cranmore . . . the flight proved successful as Jim is in one piece.

There will be a meeting this coming Tuesday in the Multi-purpose room from 12-2 and a final decision on the T-shirt design will be made.

**Crabs on crotch,  
lice on head,  
One thing's sure to  
knock 'em dead.  
A-200.**

At drugstores

## Baseball home opener Wednesday

The ULowell baseball team started its 26 game schedule over the weekend. Saturday the Chiefs travelled to Springfield for a game versus AIC. Sunday took the Chiefs to Wellesley for a double-header against Babson.

The home opener is this Wednesday against Suffolk at the South Campus with game time at 3:00.

Coach Stone planned to use a starting lineup fas follows for the AIC contest:

Karangioze	3b
Newfell	cf
Steward	rf
Moloney	dh-p
Hamilton	ss

Comeau	1b
Fuhs	1f
Bartlett	c
Ries	2b

It appears that Durkin and Comeau will hurl on Sunday against Babson with Moloney expected to come back against Suffolk.

This weekend the Chiefs play a pair of doubleheaders. Saturday the opponent is Plymouth State again at the South Campus at 12:30. Sunday Lowell travels to Hartford for two starting at 12:30. Try and make the home games and see one of ULowell's best teams.

## This week in sports

Tuesday, April 6

## Collegiate Karate Team Tournament

Where: Here — ULowell North Campus Gym  
Date: Saturday, April 10  
Competition starts at 12 noon.

The New England Collegiate Karate Conference (NECKC) will be having its Twelfth Semi Annual Collegiate Team Karate Tournament here at the University of Lowell this Saturday, April 10 in Costello Gym (North Campus). Starting time is 12 Noon. Events include the free form event (Kata), which the ULowell team was New England Champs in last year. This trophy is on display on the first floor SUB building (North Campus). And free

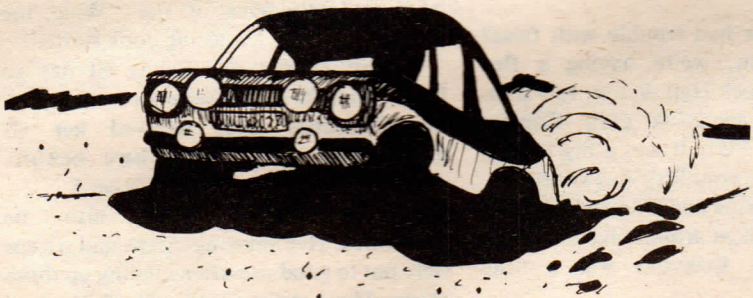

sparring event (Kumite). Teams that will be competing include BU, Harvard, MIT, NU, BC, Dartmouth and Tufts. ULowell only gets to host the Tournament once about every three years — *so don't be left out.* It's definitely the best Collegiate Karate action you will find anywhere in the New England area and what's more, it's *free*. So come down and learn a little about the art and enjoy the Tournament. It promises to be an exciting one. Programs will be available at the door to explain the tournament to those who have never studied Karate. And a sample demonstration will be put on.

— P.J. Lake

## Intramural wrestling results

126	1 Hopler (UNAT)	167	1 Piper (JMB),	2 DK 10
	Conway (OPi)		2 Penerian (UNAT)	4 TKE 5
	Beaudry (TKE)		3 Swallow (Phi Psi)	Team Points were awarded as follows:
134	1 Sullivan (UNAT)		4 P. Ciccone (OPi)	First place 5 points
	2 Williams (DK)		177	Second place 3 points
	3 Harding (OPi)		1 Emmott (Phi Psi)	Third place 2 points
142	1 Walters (Phi Psi)		2 Lehan (JMB),	Fourth place 1 point
	2 Disqualified (JMB),		3 Beauchemin (UNAT)	
	3 M. Ciccone (OPi)		190	
150	1 Brown (JMB),		1 Galvin (UNAT)	Only one entry from each team in each weight class can score team points, but the others from that team can displace entries from other teams from scoring.
	2 Kacavas (Phi Psi)		2 Fitzgerald (UNAT)	JM Boys team points were forfeited because of an ineligible wrestler in the 142 pound weight class.
	3 Bognosian (UNAT)		3 Szen (Opi)	If no one is listed for fourth place, there were either no entries or a double forfeit.
	4 Breingan (Phi Psi)		4 Biron (Phi Psi)	
158	1 Donaghue (JMB),		HWT
